

NIMROD

Rechargeable Stick Vacuum Cleaner

The Victor Nimrod Stick vac is a commercial cordless vacuum cleaner which can either be used as a handheld vacuum cleaner for hard to reach areas, or a cordless upright stick vacuum cleaner for hard floors and carpets.

The Nimrod is supplied with a wide range of accessories, making it incredibly versatile for a wide range of tasks.

The Victor Nimrod commercial stick vac features a 380W brushless motor and for up to 35 minutes operating time.

The swap out 24V high performance Li-ion battery offers 24/7 cleaning capabilities when teamed with multiple batteries. The wall charger / accessory holder ensures all tools are kept neatly whilst charging. From Flat, the Nimrod can fully charged in just 3 hours.

This highly effective, easy to use stick vacuum is ideal for cleaning public spaces, schools, workplaces, hospitality and retail.
