

Dolomite Spreader

SPT50

Product Name	Dolomite
Product Code	SPT50
Hopper Capacity	50kg
Minimum Spread	1m
Maximum Spread	8m
Weight	32kg
Assembled Dimensions	112x61x82cm
Hopper	Stainless Steel
Frame	Coated Steel
Wheels	Solid Rubber Tyres
Spread Volume Limiter	Yes
Spread Width Limiter	Yes
Adjustable Handle	No
Maximum Operating Speed	Walking Pace
Country of Manufacture	Italy

The Dolomite Hand-Push Spinner Salt Spreader (SPT50) is a rugged, professional-grade solution for de-icing medium to large outdoor spaces like car parks, playgrounds, and driveways. It features a stainless-steel 50kg capacity hopper, coated steel frame, and solid-rubber tyres, all built for durability. An internal agitator and adjustable flow control enable precise spread rates with coverage from 1m to 8m, while its wheelbarrow-style handles offer easy manoeuvrability. Compliant with BS3247 certified salt, the Dolomite delivers reliable, even distribution with minimal effort perfect for professional winter maintenance crews
